

Lubricant Product Information

Daphne Super Coat NR

High Performance Anti Rust Oil

Description

Daphne Super Coat NR is a barium-free rust preventive oil. It has been formulated with highly refined mineral base oil with various rust-preventive additives to provide excellent rust prevention performance for in-process and mid-term shipment.

Application

Recommended as a general purpose rust preventive oil with wide range of uses. It is specially recommended as in-process and mid-term shipment rust prevention for metal parts after cutting, grinding, press working and drawing processes.

Characteristics

1. Low viscosity and excellent rust prevention abilities.
2. Easy removal with water-based alkaline and hydrocarbon based cleaners.
3. Very low odour – improve working environment (unlike conventional type rust preventive oils with strong odour).
4. Superior water displacement abilities.

Packing

20L pail, 200L drum
